

HARSH BOHRA

harshbohra41@gmail.com | 916376053036 | Chennai, India 603203

Summary

Strategic and hands-on educator, SRM student with strong expertise in Java, C, and SQL/PLSQL. Skilled in designing and documenting complex database systems, troubleshooting, and workflow optimization. Experienced in modular application development, GUI design, and database integration. Adept at technical communication, peer teaching, and creating layered learning resources. Creative in developing animated presentations to simplify complex concepts and enhance engagement. Resourceful in adapting solutions to practical constraints, with proven leadership in academic, project, and community contexts.

Skills

- | | |
|--|--|
| - Proficient in Java & C with strong OOP concepts, Swing GUI, and JDBC integration | - Troubleshooting & workflow design: persistent, methodical, reproducible fixes |
| - Advanced SQL/PLSQL expertise: joins, views, procedures, functions, triggers, cursors, exception handling | - Front-end familiarity: Tailwind, Bootstrap, Bulma for teaching and deployment contexts |
| - Database integration & architecture: DBMS design, predicate logic, schedule serializability | - Technical communication: skilled in analogies, mnemonics, visual aids, and stepwise guides for peer learning |

Experience

Education and Training

SRMIST, KATTANKULATHUR | Chennai, India

B.Tech in Computer Science W/s Information Technology

08/2024 - current

- Played Congo in the school
- GPA: 8.17
- Achieved 87 % in Programming in Java NPTEL
- Winner of inter hostel sports tournament in Carrom (3rd place) first year
